**Butler County Community College
El Dorado, Ks. 67042 Vol. 52**

Oil Vital To College

Butler County Community College, founded in 1928, was born in the shadow of the oil industry and has lived in its shadow.

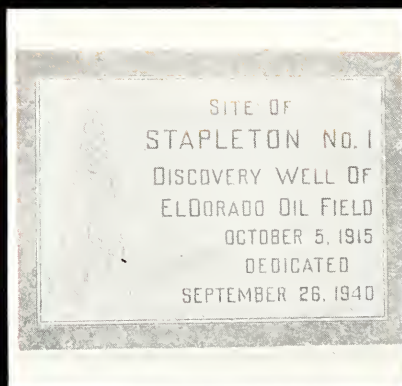

When the school moved to its present location in 1964, the college faced Skelly refinery which has since become Getty Refinery. Another refinery, formerly Fina and now owned by Pester, also is in El Dorado.

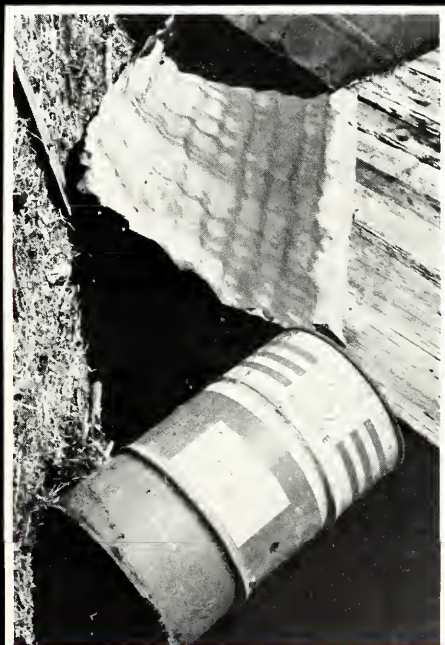

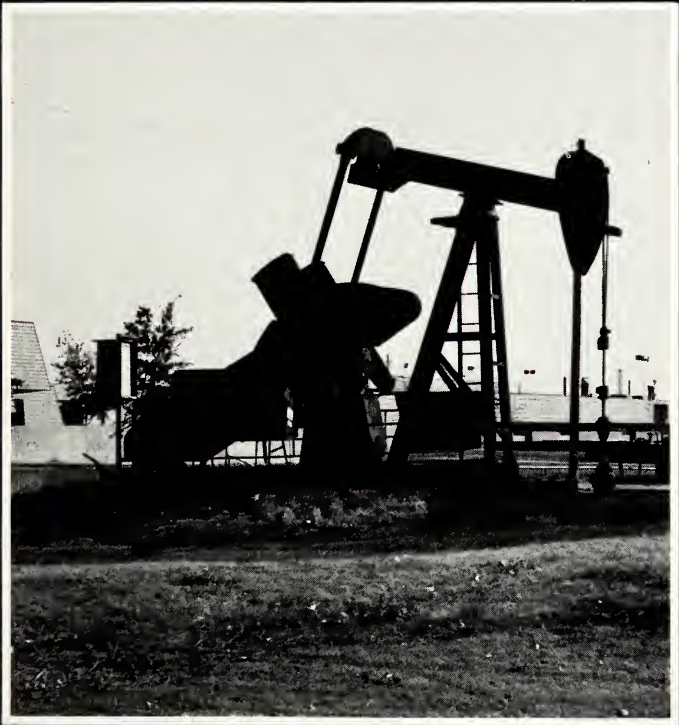

These industries have provided financial support to the school by providing employment to many parents of the students, providing employment for the students themselves, and by making available tax monies for the college.

In 1916, drilling for oil started in El Dorado and Towanda. From then on wells were drilled all around Butler County. Butler was named among the first five oil producing counties in Kansas in 1965, fifty years after the first well was drilled.

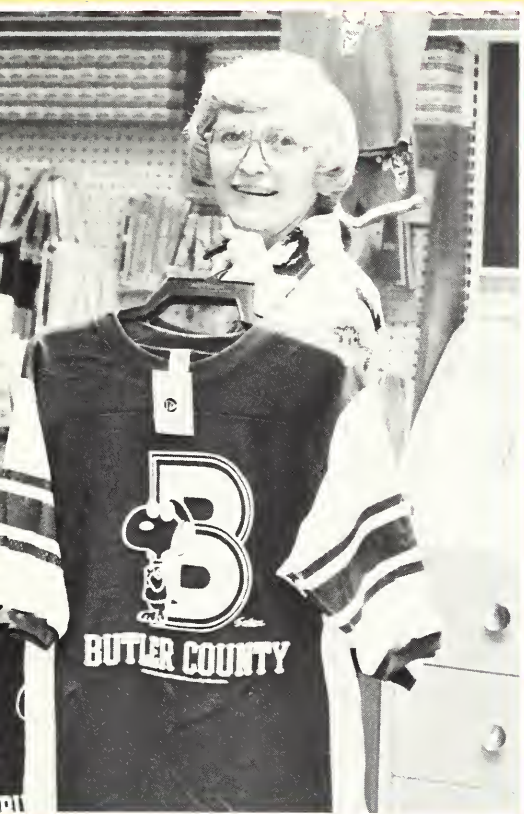

Refineries and networks of pipeline were built during 1916-1918.

This year, once again many new wells are being drilled in Butler County, with the oil shortage forcing the price of crude upwards to \$40 per barrel.

People: Work, Play

College life at BCCC offers many options: all work, no play; all play, no work (not recommended); some work, some play (recommended); and variations of the aforementioned. Most full time on-campus students manage to accomplish both work and play and enjoy both.

Varsity sports and intramural sports get many people involved in playing, but others make watching these sports part of their playing. Other involvement in sports "playing" includes being a member of the pep band, leading yells, and performing on the drill team.

Sooner or later all students when they finish their class work end up at the Student Union which is the center for play on the campus. Here they eat, shop, visit, and watch TV.

Campus Encompasses 80 Acres

The campus of Butler County Community College is located on 80 rolling acres on the southwest edge of El Dorado. Twelve buildings comprised the physical layout at the beginning of the fall term; but at the end of the spring semester, three new buildings were in place.

The new buildings included a warehouse and two buildings for dormitory annexes. The annexes house eight students in each building.

No additional buildings had been built on the campus from 1966 until this year.

No tall trees grow on the campus, even though the campus is 16 years old, for a unique reason. The campus sits on a covered oil slick, and tap roots for large trees simply do not exist in oil slicks. Nevertheless, the campus is well-groomed and attractive.

Oil Helps College

With the energy crisis upon us, Kansas has been doing its part to cope by cutting its gasoline consumption six per cent over the usage of last year. Carpooling is becoming ever so popular with students and faculty because gasoline prices are inching up to over \$1.25 per gallon. Students are even trading in their Trans Ams for smaller, economy cars. Faculty members are hanging on to their pickup trucks but driving them less.

Because of turned down thermostats in the classrooms, people on the campus are dressing more warmly indoors. The combination of no ventilation in the classrooms and warm spring days causes everyone to complain about the heat before the administration allows the air conditioning to be turned on.

But as individuals suffer from all-around higher energy bills, the county of Butler generally prospers. New oil wells are being drilled every week. New emphasis is being put on oil and gasoline, and the refineries are prospering. As the oil industry prospers, so prospers Butler County and Butler County Community College. The school reflects the economy of the county.

You Want Energy?

Energy personified was discovered on the west edge of El Dorado by *Grizzly* staff members when they were on a field trip to Oil Hill.

An old gentleman sawing wood was spotted by a staff member and was approached to get his permission for a picture. The man indicated he could not hear what was being said and returned to sawing wood. A horse wandered into the scene and the picture was complete with at least five types of energy illustrated: man power, horse power, oil power, electric power, and wood heat power.

COWBOY

Home, Home On the Campus

Yee Ha! Lets hear it for the cowboys. Get out your hat, boots, and belt buckles because the year of the cowboy is back.

We have two kinds of cowboys in this world. First we have the real cowboy. His hat is a plain straw hat with no feathers. He does not wear spitshined boots. His faded jeans are set off by a T-shirt or a cotton flannel shirt. In his pant pockets you'll almost always find a can of Skoal or a package of Red Man. Also a cowboy is usually accompanied by a horse.

The second kind of cowboy is the dressed up one. This cowboy wears a felt hat with feathers in it, polished boots and a belt buckle that is twice the belt's size. This type of cowboy always has the dream of some day riding the prairie on horseback, but in the

meantime, he will ride the mechanical bull as seen in the nightclubs. Cowboys are joining the rodeo circuit and are making rodeo the number one sport. Butler County has gained a rodeo club in the last two years and is doing fine.

Years ago cowboy and Indian movies were popular and then they died out. Now in the last few years we have movies like *Urban Cowboy* and *The Electric Horseman*. Country Western music is now hitting the top of the charts with stars like Kenny Rogers, Willy Nelson, Tanya Tucker, and Crystal Gale.

BCCC has an enlarged ag department, and more cowboys are making the campus scene. Perhaps cowboy boots will replace running shoes as the campus uniform.

BUMPERSTICKERS

NO AUTO SHOULD BE WITHOUT ONE

Are your personalities, feelings, and views known to people? Butler County students are showing theirs by way of bumper stickers of the world.

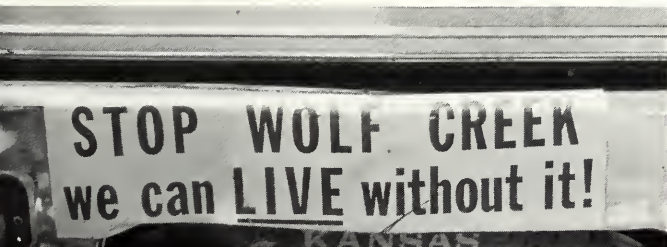

Farmers have bumperstickers such as, "I'm proud to be a farmer," "pigs are beautiful," "goat ropers need lovin' too." Other bumperstickers explain, "I'm a father," "I made it," "I'm a senior," "ask about my granddaughter," and "I found it."

Do you want to describe yourself? Stickers say it: "easy going," "macho man," "available," "Does your sport group 'do it better?'"

Take a look at the cars bumper in front of you and read the message warning from the bumper sticker like, "If you can read this you are too close," "do not honk; driver sleeping," "caution when passing, driver chewing tobacco," "55 M.P.H. we can live with it," "I may be slow but I'm ahead of you."

Since 1980 was the year to vote we are seeing all types of bumperstickers naming presidential candidates. Some are the real candidates and some are, "anyone can be president." Let's all hear a "vote for sneaky snake, he's smart," when you are getting mad at the way America is living, then remember, "If you don't like America, leave it," according to the studies.

4 Sets The Twins

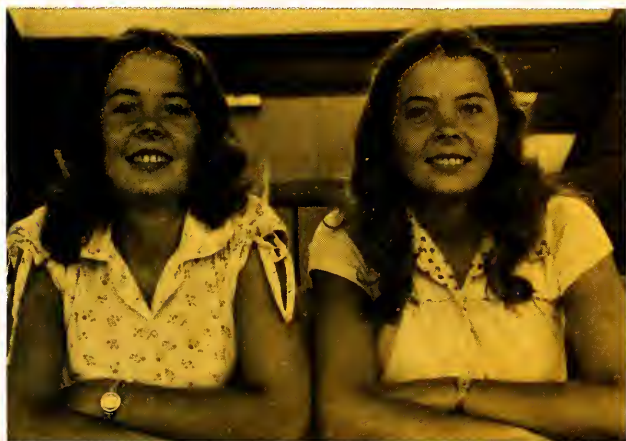

Seeing double is toil and trouble for classmates and instructors who try to sort out the four sets of women twins enrolled at BCCC this year. Three sets of the twins live at the dormitory while the other set of twins live at their respective homes since one of the twins is married.

The three sets who live in the dormitory have another factor in common; They are all athletically inclined. Marilyn and Carolyn McKinsey are on the women's volleyball and basketball teams, Bari and Shari McCullough are on the basketball team, and Jody and Judy Hesser play softball. Melissa Mitchell and Melinda Mitchell Teter are art students.

None of the sets of twins dress alike even though three of the sets are identical twins. Marilyn and Carolyn are considered fraternal twins although many people think they are identical.

When any pair of the sisters is in the same class, most instructors have a difficult time telling them apart. Classmates and friends seem to have less difficulty. The Hesser twins have different hairstyles which makes it easier to distinguish them.

The twins say that they have common likes, dislikes, and friends.

DOUBLE VISION on the stairway illustrates that it is difficult to tell which twin is which. On the front row are Carolyn and Marilyn McKinsey from Yates Center. On the second row are Shari and Bari McCullough from Junction City. On the third row are Judy and Jody Hesser from Derby. *Photo left*, Melinda Mitchell Teter from Burns and Melissa Mitchell of El Dorado. Although the sisters do not dress alike, they seem to have similar tastes in clothes and hairstyles.

ACTIVITIES

'Hoorah'

Only one member of the cheerleading squad from last year returned this year and that was Shannon Randol who left at the end of first semester. Others who were chosen in the fall included Laurie Potter, Juli Brownwood, Karen Adams, Sondra Huggins, and Sheila Highbarger.

Three women were chosen last spring to be on the squad and they were given scholarships for their participation. The recipients were Carla Allison, Marcia Hooten, and Shannon Randol. These women were sent to the National Cheerleading Association camp at Ottawa during the summer.

The cheerleaders performed both at home and on the road trips.

The Drill Team

Honeybears

Adding excitement to sports events this year was a bevy of high stepping young women known as the Honeybears. The drill team changed its name from Pomettes to Honeybears which was the original name of the team several years ago.

The Honeybears not only entertained at half time at all the games, but they also performed skits at the pep rallies on campus.

The women attended a training camp last summer at Ottawa where they distinguished themselves by winning the sweepstakes trophy for their performances.

Maria Harris was the only returning member from last year's squad. She was joined by Kay Agard, Alicia Cody, Debbie Bogart, Linda Rando, Melody Doyal, Michelle Webb, Denette Koehn, Felicia Butts, Karen McGee, Roxanne Seager, and Susan Johnson who left the squad at the end of first semester.

Journalists Go To Chicago Meeting

Highlighting the journalistic year for *The Lantern* staff were two trips to seminars and conventions, one to Great Bend and the other to Chicago.

Seven *Lantern* and Grizzly staff members traveled by school van to Chicago to the national convention of the Associated Collegiate Press in October where they attended numerous specialized sessions for collegiate journalists.

In September, eight journalists attended an overnight campout in Great Bend sponsored by the Kansas Association of Community College Publications Advisers. Several sessions on newspaper and yearbook were conducted throughout the two day meeting.

The Lantern was notified at the beginning of the fall term that several staff members had earned high honors in the Kansas contest sponsored last spring by the Kansas Association. The newspaper has traditionally placed high in the state contest.

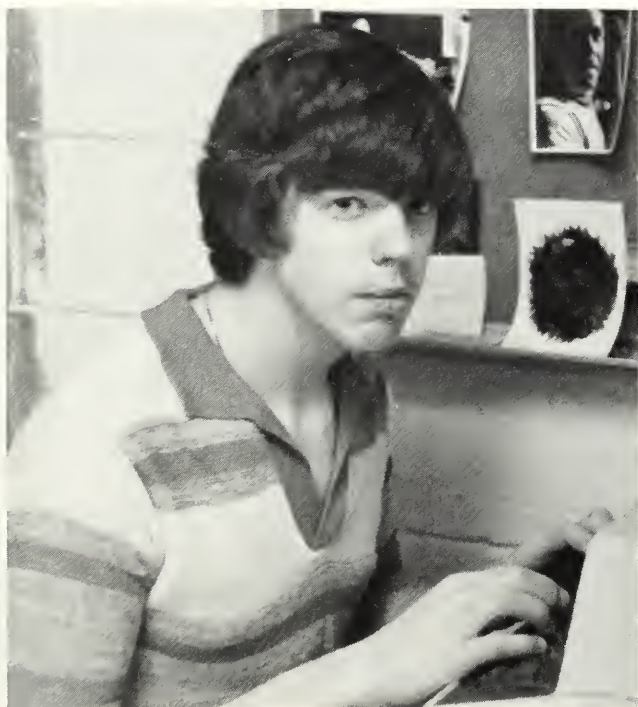

First semester editors of the newspaper included Bruce Schreiner, editor-in-chief; Cindy Schuler, managing editor; Sue Smith, news editor; John Shell, sports editor; Mike Traylor, business manager; Doug Holladay, photo editor.

Second semester editors were Bruce Schreiner, editor-in-chief; Gary Leach, managing editor; Sue Smith, news editor; Tom Harms, sports editor; Dick Osterbuh, assistant sports editor; Mark Parish, entertainment editor; Debbie O'Brien, copy editor; Mike Ligon, photo editor; Chris Cowan, city/area editor. Bill Bidwell is faculty adviser.

Grizzly Wins Award

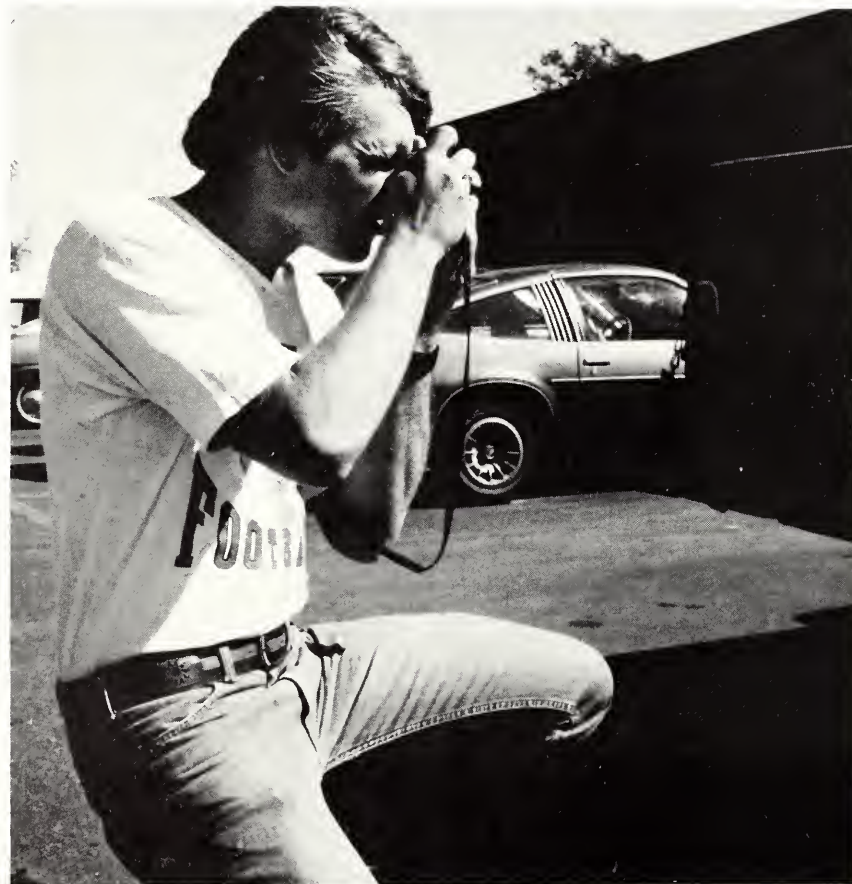

The 1980 *Grizzly* won the sweepstakes in the state contest sponsored by the Kansas Association of Journalism Advisers according to an announcement received in the fall. The yearbook was awarded first place in general appearance, reporting, and sports photography, and received second in theme development.

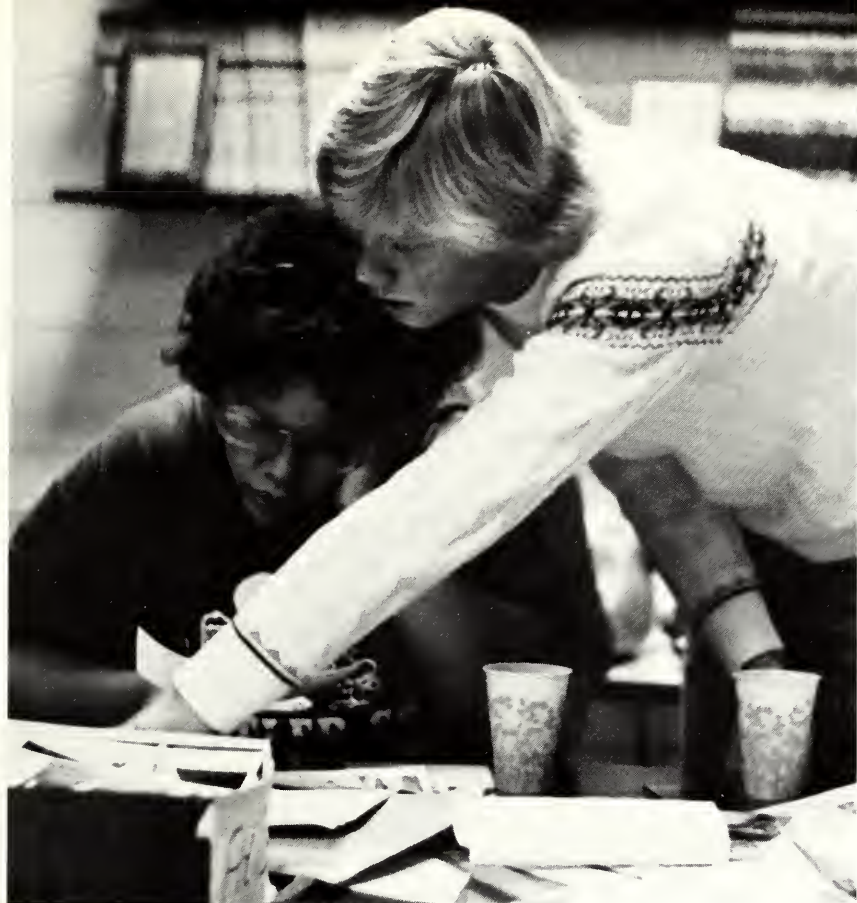

This year's staff attended an overnight campout at Barton County College in Great Bend early in the fall where the members attended expert sessions. Two of the sophomore staff members, Carla Williams and Elizabeth Harvey, went to Chicago to a national convention in October.

Frantic activity not only in class but also through long evenings, long days during Christmas vacation, and Saturdays occurred as this year's early deadlines pressed the students.

Tom Lore was this year's editor, Elizabeth Harvey was copy editor, Carla Williams was photo editor, and Dave Richard, layout editor. Other staff members were Vanessa Hoskins and Doug Holladay first semester; Jay Baumann and Mike Traylor, second semester.

International Scene

Thirty international students from eight foreign countries attended BCCC this year accounting for more than 400 credit hours.

Most of these students found Butler through friends or relatives who had previously attended the school according to Bill Trent, adviser to foreign students on the campus.

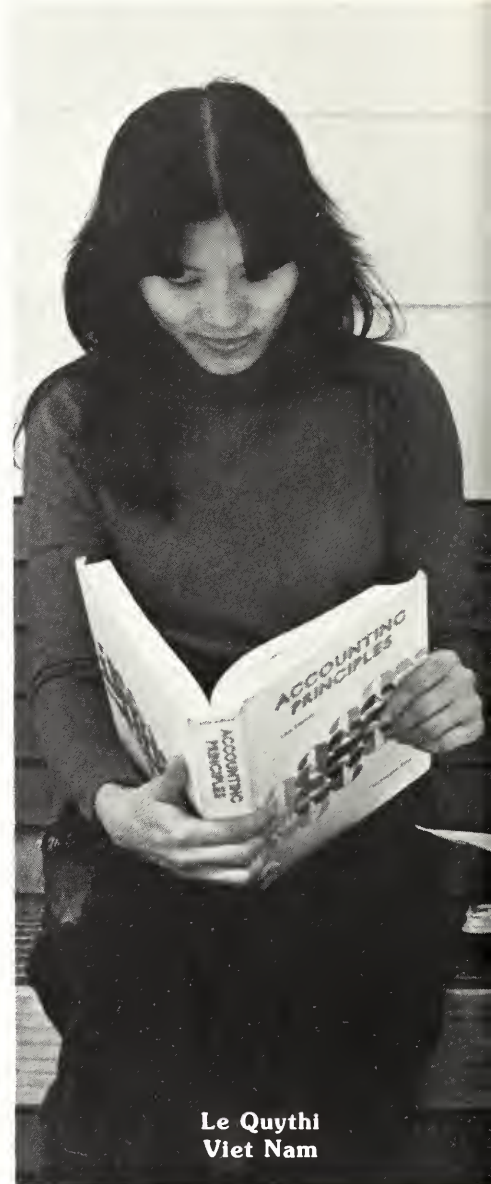

Countries represented by the foreign students include Lebanon, Iran, Thailand, Bangladesh, Venezuela, Mexico, Nigeria, and Viet Nam.

The primary area of study that foreign students pursue are science, engineering, agriculture, and business Trent said. Most of

the students move on to four year schools after leaving Butler.

International students pay out of state tuition which is over \$40 per credit hour. The foreign students are here on F-1 students visas and are not allowed to work. Each student must sign an affidavit for the state department stating that the student has funds to pay for four years of schooling in the United States without entering this country's work market.

Trent stated that all of the students come from families who value education and they are overall good students who are well-behaved and hard working.

DECA On The Move

DECA which stands for Distributive Education Clubs of America, is a club for students seeking a marketing career. The purpose of DECA is to help students build leadership for their careers.

Last fall DECA members attended a delegate conference in Kansas City. Chris Brault ran for state office of president and Cindy Barrick ran for the office of president-elect, but neither one won.

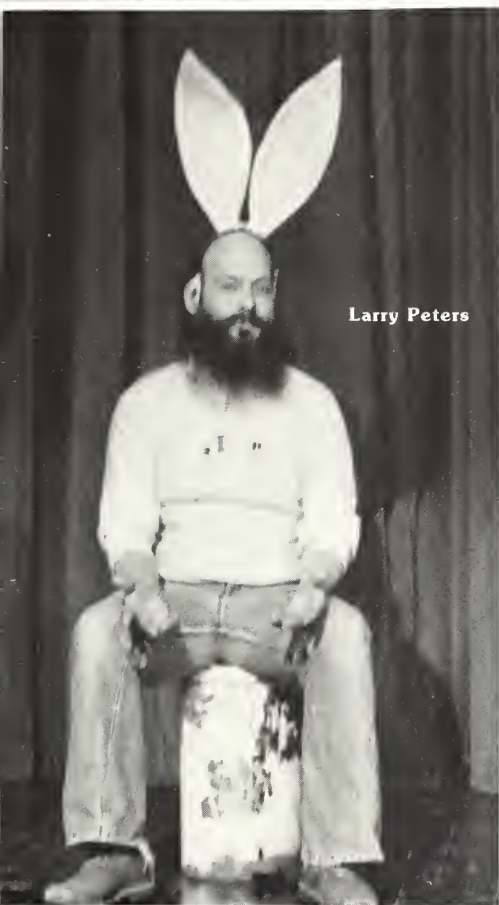

Two other conferences were attended by Butler DECA members. One conference was held at the Rock Springs Ranch near Junction City. Six members attended the Central Region Leadership Conference at Louisville KY. This conference helped give members understanding on how other DECA organizations function.

A marathon dance was scheduled for January but was cancelled due to lack of interest.

Officers for DECA were; Chris Brault, president; Tim Franta, vice president; Eric Anderson, treasurer; Cindy Barrick, project chairman; Robin Anthony, secretary; Anita Lawson, reporter; Kevin Wyant, parliamentarian. Jim Edwards is DECA sponsor.

Delta Psi Omega is a national honorary drama fraternity. Delta Psi is the only fraternity on campus.

Kansas has seven chapters and there are 200 national chapters. The chapter began on this campus in 1935, and the sponsor for the chapter was L.W. Nixon. Butler's Delta Psi chapter is the 95th in the nation.

Membership to this fraternity is based on student involvement with drama productions. Students are invited to become members. If asked, a student attends a ceremony where he is

asked questions about the fraternity.

Delta Psi Omega leaders were Micheal L. Musick, president; Virgil R. Miller, vice-president; and Gay Linn Thomas, secretary-treasure; Other members include Wanita Miller, Laurienne Anusevich, Terri Ingram, Mark Martens, Julie Johnson, Troy Heard, Cindy Bowman, Cammie Litchfield and Shelly Downey. Honorary members were Marge Marsh, Robert Chism, and David Longfellow. Larry Peters was the sponsor for the fraternity.

Drama, Comedy Presented

Lights. Action! The curtain rises; a hush comes over the audience. The play, *A Street Car Named Desire* by Tennessee Williams was presented October 6-8 by the BCCC Theatre Department.

The play is a love story of a girl betrayed by love. She is trying to escape from her past only to have it catch up with her again.

The lead case members were Gay Lynn Thomas as Blanche DuBois, Cammy Litchfield as Stella Kowalski, Troy Heard as Stanley Kowalski, Douglas Sharp as Mitch, Helen Zwalt as Eunice, Terry Dickson as Pablo, Shelly Downey as a woman, Virgil Miller as a doctor, Wanita Miller as a nurse, Mark Martens as a young collector, Terri Ingram as a mexican woman. Mike Musick was assistant director- stage manager.

The second drama of the season was *Enter Laughing* by Joseph Stein from a novel by Carl Reiner. The play was presented December 4-6.

Conflicts arise between David Kolowitz, played by Mike Musick and his mother (Gay Lynn Thomas) and father (Virgil Miller) when they want him to become a pharmacist.

However, David's only love is the theater, and he strives to get a role. He finally does get an important role, only to be shunned by his parents; and then when all else fails he falls in love.

The cast includes Douglas Sharp as Mr. Foreman, Mike Musick as David Kalowitz, Troy Heard as Marvin, Cindy Bowman as Miss B., Terry Dickson as Piko, Darren Highbarger as Marlowe, Cammy Litchfield as Angela, Gay Lynn Thomas as Mother, Virgil Miller as Father, Shelly Downey as Wanda, Brian Miller as the waiter, and the lawyer, John Juresic as Roger and Carl Herrmann as Don.

Larry Peters directed both of the productions.

Vocal Grows

BCCC had two performing vocal groups this year, the Collegiate Singers and a choral ensemble, both directed by Kitty Michot.

Collegiate Singers consisted of 12 members, and seven members made up the ensemble.

Both vocal groups put on a Christmas concert. The concert included different types of winter medleys and songs.

Two concerts were held early in the year. Along with the concerts on the campus, the Collegiate Singers also made a Christmas tour to the nursing homes and hospitals in the area. The singers visited Knutson Manor, Susan Allen Memorial Hospital, St. Joseph's Hospital, Woodlawn Nursing Home and Trinity United Methodist Church.

Second semester, Randy Zercher directed the vocal groups while Kitty Michot was on maternity leave.

Zercher was the director of the Wichita Symphony Chorus. He also serves as minister of music at Plymouth Congregational Church in Wichita.

SINGING AT THE CONCERT are (from left) Gay Linn Thomas, Vanessa Hoskins, and Kitty Michot. Absorbed in her music is Janice Paisley. The vocalists are members of the Collegiate Singers.

WEARING NEW UNIFORMS for the Christmas concert are clarinetists LuAnne George, Amy Allenbach, and Kim Kallenberger. DOUG TALBOTT, band director, leads the pep band at a basketball game.

Band Expands

Band members put on a new look for their concerts. The Board of Trustees approved purchase of uniforms to be worn by all concert band members. The suits are black with a gold BCCC emblem on the pocket of the jacket. The Concert Band performed two concerts first semester. "A Symphonic Montage" was the theme for the second concert. The concert contained many varieties of instrumental music.

The band included a record 47 regularly enrolled students, representing 25 different high schools. Several faculty members, along with other adults who belong to the El Dorado Municipal Band, also joined the college group.

At all home football and basketball games the BCCC band entertained the crowd with help from non-student musicians.

Band members were given permission by the administration to get into the practice rooms on weekends this year.

Jazz band members had two concerts during the first semester. In addition to the concerts held here at college, they also made a tour of the high schools in the area including Remington and Bluestem High Schools. The Jazz band also performed at the "Dam Picnic" at the El Dorado Dam. The Life enrichment group was also entertained by the jazz. Jazz band members wore black pants with gold vests as their uniforms.

College band and jazz band were directed by Doug Talbott.

Football Royalty

Football Homecoming Queen and King for 1980 were Anne Pettus, El Dorado sophomore and Chris Calderera, freshman from Lutcher Louisiana. They were crowned at the half time ceremonies of the Grizzly and Highland game.

Attendants included: Dianne Bohannon, Leon soph, escorted by Kevin Miller, Topeka fr.; Felecia Butts, Leon fr., escorted by Mike Nardone, Koppel Pa. fr; and Annette Sowder, Yates Center fr., escorted by Mike Thom, El Dorado soph.

Homecoming weekend began with Purple and Gold day and a bonfire plus a pep rally on Friday. On game day student organizations and businesses were involved in a parade. Awards were given to first, second, and third places in the float category. Receiving first place was Campus Crusade, a group formed this year. A dance followed the game that night.

For the first time Butler had an open house on Homecoming day for parents and patrons of Butler County to visit the college and talk with instructors.

KAREN ADAMS, Dr. Heinrich, and Shannon Randol prepare to announce the homecoming king and queen. A LARGE CROWD gathers to watch the football game and homecoming festivities. ANNE PETTUS is crowned homecoming queen by Karen Adams.

BB Homecoming

Kris Young, Cassody sophomore and Eric Harms, Potwin sophomore were crowned Basketball Homecoming Queen and King at half time ceremonies of the Butler-Seward game. Carl Heinrich, college president, fulfilled a tradition by crowning the queen. Young was nominated by the softball team and Harms was nominated by the mens basketball team.

All candidates were nominated by the varsity spring sports. Attendants for the royalty were: Tonia Worley, El Dorado soph. nominated by the womens basketball team, her escort was Kurt Weigel, El Dorado soph. nominated by the baseball team. Annette Sowder, Yates Center fr. and escort Julius Mercer, Chicago soph, were nominated by the mens and womens track team. Stacey Shipley, El Dorado fr. and escort Mark Prosser, Augusta fr. were nominated by mens and womens tennis team.

After the crowning ceremonies the Honey Bears did a routine to "Funky Town."

A dance followed the game in the student union cafeteria. Music was provided through the college sound system that SAC purchased last year.

PESTER

REFINING COMPANY

Oil Industry Supplies Student Jobs

One of the better places to work while attending school full time is at the two local refineries according to those students who work there.

Four BCCC students put in 39 hours per week at Getty refinery, and they select whatever hours they wish to work, day or night. Whatever their class schedules are, the Getty workers can find the flexibility at the refinery to accommodate their hours free from class or school activities.

Marcia McCoy, Kim Kallenberger, John Cogan, and Jeff Cox all work at Getty as Laboratory utility persons which means they clean test tubes and bottles by washing them or burning them out.

In order to qualify for these positions, the students must carry a full schedule at BCCC, and they must be sons or daughters of Getty employees. The jobs pay

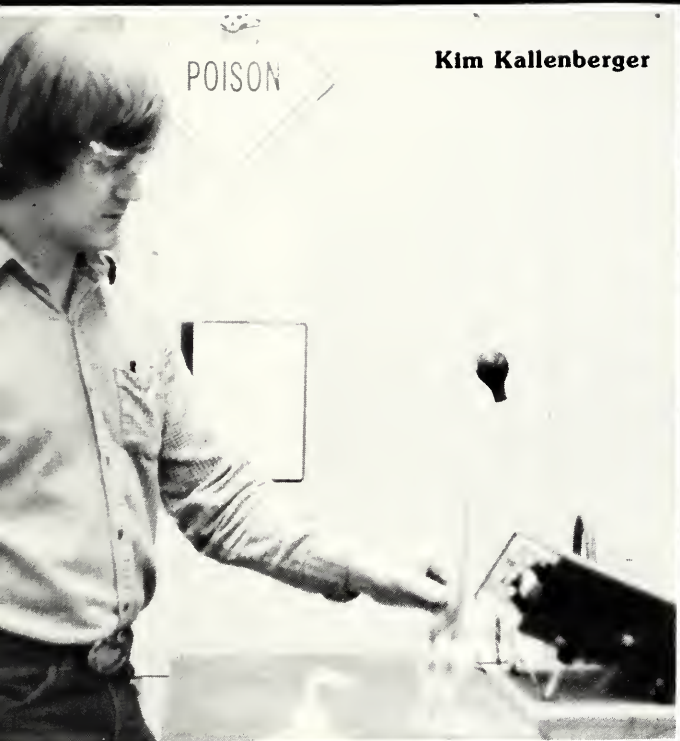

minimum wages; and after the students have been on the job for one year, they get a 40 hour paid vacation, and are entitled to sick leave. The students also get a free accidental death and dismemberment policy from the employer.

Cary Morris, another BCCC student, worked as a security guard on the weekends at Pester Refinery. Pester employs a number of students on summer jobs at the refinery that pays more than minimum wage. Getty also employs a number of students on summer jobs both at the refinery and the fields on the pipeline.

The only complaint about the jobs for students at the two refineries is the fact that there are not enough of them for all the students who would like such a position. There are waiting lists of applicants for jobs at both refineries.

Refinery Aflame

Anyone who happened to be on the campus on December 28 was front row witness to a spectacular fire at Getty Refinery just across the road from the campus. The fire could be seen 25 miles away after an explosion rocked the immediate vicinity.

A second explosion followed about two hours after the first explosion and flames shot hundreds of feet into the air. The fire was not completely contained for over 12 hours with fire fighters from Butler and Sedgwick counties and McConnell Air Base fighting the flames.

No one was seriously injured in the fire as nearby residents were alerted to prepare for evacuation.

No cause for the fire was released to the public.

SPORTS

A Great Season: 5-3-1

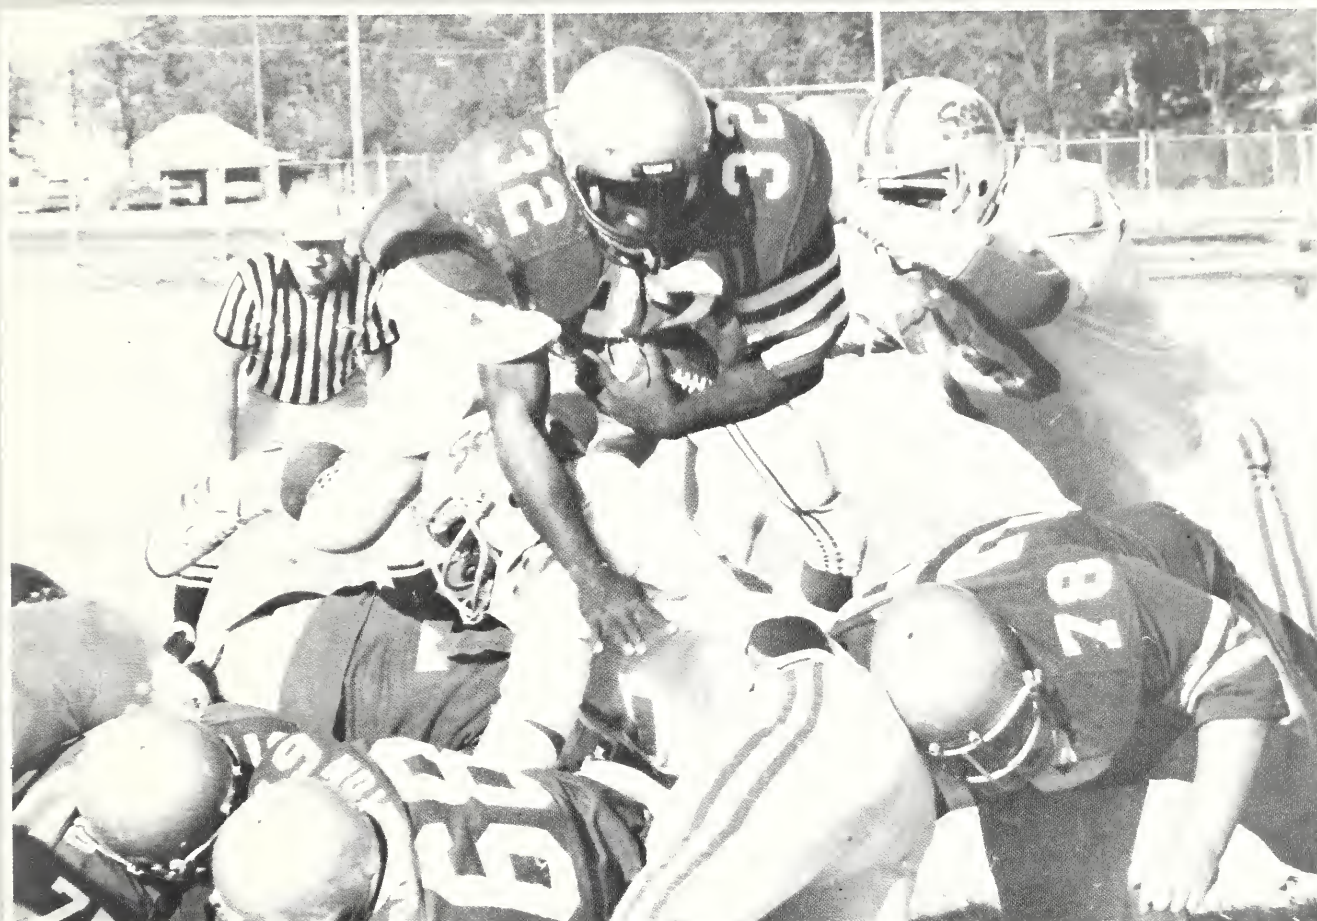

A young football squad, which returned only nine lettermen from the 1979 squad, posted the best record in 23 years for Butler as it went 5-3-1 during the 1980 season.

Butler lost its opener to Pratt 21-14, despite outplaying the Beavers everywhere but the scoreboard. The Grizzlies picked up their first win as they outscored the Air Force Academy "B" team 51-41. Butler continued its winning ways the following week as they annihilated Fort Scott 40-7. Dodge City spoiled Butler's two game winning streak by forcing a 13-13 tie. Coffeyville found themselves a home in Augusta the fol-

lowing week as they blasted BCCC 42-9, as the Red Ravens caught the Grizzlies during a week in which they were beset with injuries. Cowley County knocked off the Grizzlies 24-20, as the Tigers scored the winning touchdown in the last minute of play. Butler snapped its three-game winless streak the following week as they romped to an easy 35-10 homecoming victory over Highland. The Grizzlies continued its winning ways by routing Independence 42-7, in a game in which the Grizzlies could do no wrong. Butler closed its campaign by knocking off arch-rival Hutchinson 28-23.

11 Named To KJCCC 'All-Stars'

Eleven Grizzlies were honored by the Jayhawk Conference coaches for their playing during the 1980 season.

Sophomore running back Braxton Williams, who was honored for the second time, headed a list of four Grizzlies who received first-team honors. Also receiving elite honors were sophomore defensive tackle Lee Stephenson, center Ken Bowen, and guard Greg Darrington, both freshmen.

Second-team recognition was received by kicker Allen Frye, defensive back Jeff Sanders, offensive end Kevin Adam.

Receiving honorable mention were noseguard Aaron Usher, slotback Steve Hardesty, and defensive back Sam Suggs, who was a second-team selection in 1979.

Volleyball: 11-16-2

BCCC's women's volleyball team started out the season slowly and steadily improved in playing and scoring.

During the Cloud County Invitational at Concordia Butler won two games and lost seven. The Grizzlettes split with Barton County and lost to Mid Plain, Neb. and Cloud County, and the women lost the match to Hesston in single elimination action.

The team shared in a threeway tie in the best of a five-game triangular at Central College of McPherson.

They went on to place third in the eight-team Butler County Invitational Volleyball Tournament. BCCC began with a win over Central College then went on to beat Coffeyville. Butler was dropped to the losers bracket

with a loss to Allen County in the double elimination competition.

In sub-regional playoffs at Pratt BCCC lost to Dodge City in the first match of single elimination which ended the season for the women.

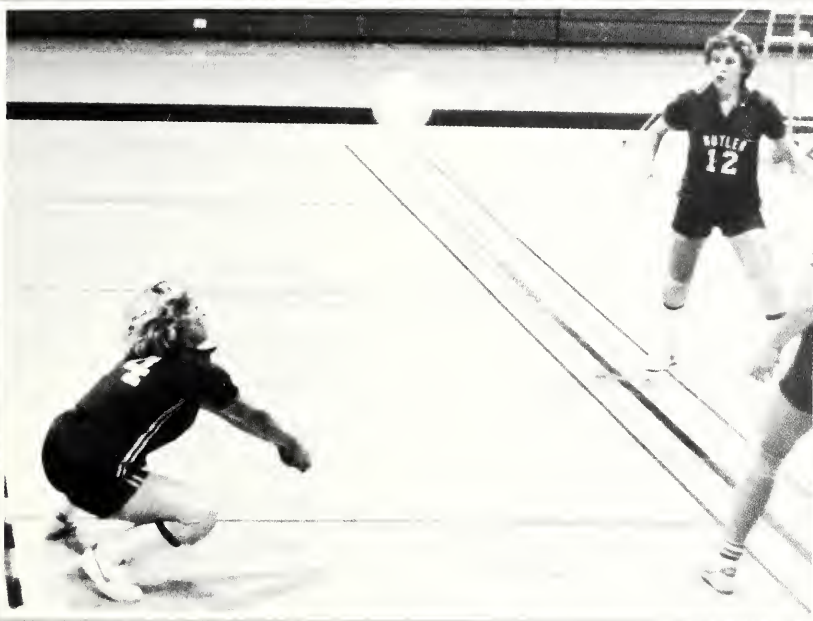

Those women who went out for volleyball are: Annette Sowder, Mary Schmidt, Sheila Highbarger, Lori Hiatt, Tammy Mann, Marilyn McKinsey, Carolyn McKinsey, and Denise Standerfer. Four women playing for the second year were Cathy Denton, Shannon Randol, Diane Bohannon, and Cary Morris. The team was coached by Debbie Sawtelle and the student assistant, Chris Smith.

The Grizzlettes finished the season with eleven wins, sixteen losses and two ties.

X-Country Rates High

With the rhythm steady and the pace set, the cross country harriers sprinted into another good year.

The Grizzly runners started the season with a big win over Neosho County in a dual meet. Butler ran away with the meet by taking the first fifteen places. At the Wichita Gold Classic, the harriers placed third with Haskell County taking first and Barton County taking second. The next meet was at Barton County and Butler took second, and also took second at the Butler County Invitational. In a dual meet with Cloud County, Butler again took a first place. Butler County hosted the Region IV Competition where it was able to qualify two men for the NJCAA. Kevin Miller finished seventh at the Region IV meet.

The NJCAA competition was held at Coeur D'Alene, Idaho where Miller ran 39th with a time of 26:42 and Roger Keesling came in 104th with a time of 27:27. Next year Butler County will host the National Junior College Athletic Association Championships.

MEN'S CROSS COUNTRY TEAM include (front row from left) Pat Worrell, Roy Peters, Donnie Greenlee, Paul Taylor, Kent Wartick, Johnny Green, Chris Johnson. Second row, Kevin Miller, Dan Smith, Lyle Keesling,

Chris Kohlenberg, Joel Sumearll, Dave Haldene, Roger Keesling, and Coach Ollie Isom. Members not pictured are Robert Dean, Paul Bixel, Steve Ades and Kirk Merwin.

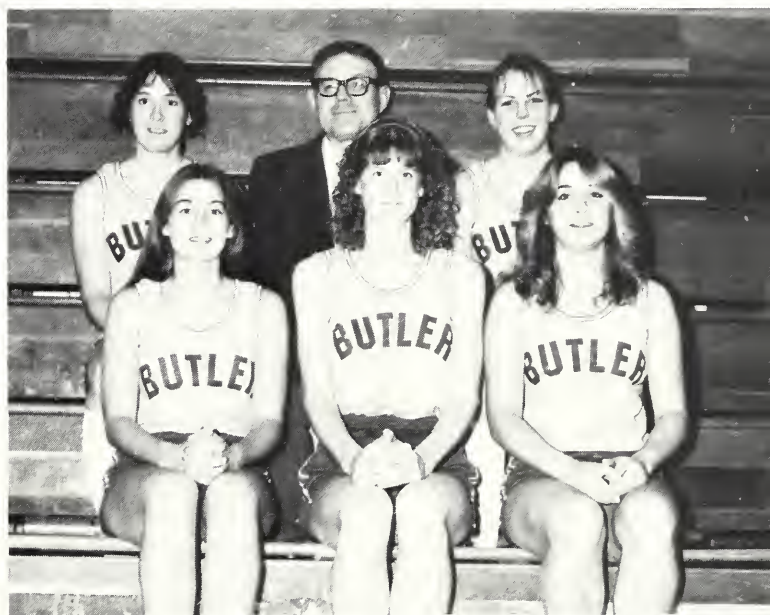

New Women's Sport

Started this year was a women's cross country team. Five runners started the season, and they proved that they could compete against the women's teams of the other colleges. The women ran a varying distance from two and one half miles to 5000 meters, about three miles and 180 yards. The team took second at the Butler County invitational and second at Cloud County. The team did well considering this was the first year.

Becky Anderson finished 99th out of 128 people in the NJCAA with a time of 22:12.

WOMEN'S CROSS COUNTRY team members include (front row from left) Barb Ver Kinderen, Becky Anderson, Vicki Comrie. Second row, Anne Pettus, Coach Ollie Isom and Tanya Worley.

Problems Continue

BCCC's basketball problems continued in 1980-81, as the men had shown only slight improvement over their 1980 mark.

At press time near the end of the season the men picked up seven wins, only two more than in 1980.

Butler opened its season in fine style as the men knocked off St. John's by eight points. The men dropped their next two contests but managed to come up with a victory in Kansas City in their fourth contest.

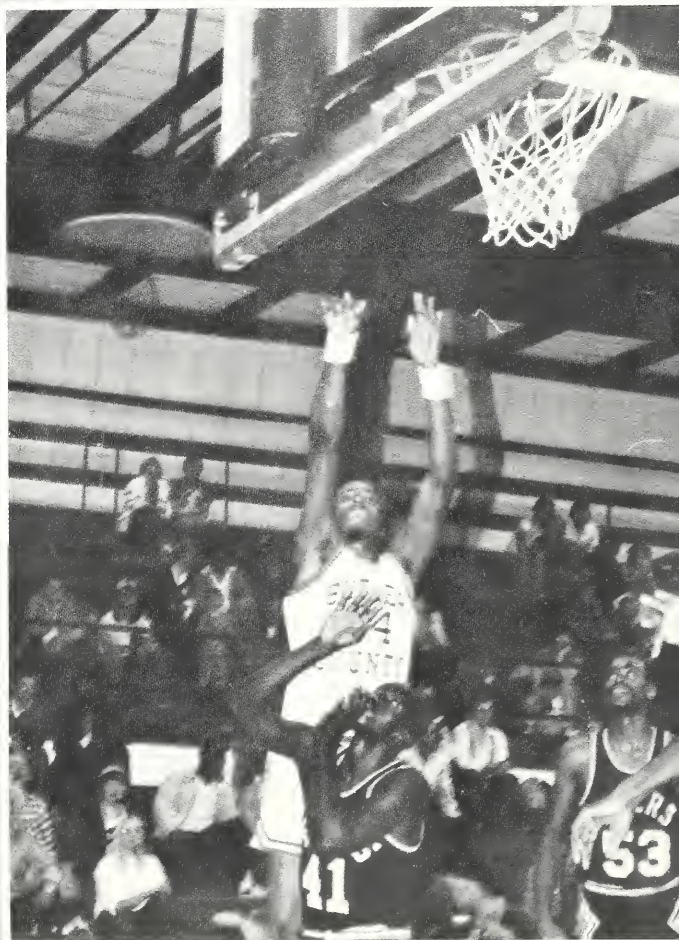

The Grizzlies then dropped their next four games, including two in the Butler County Classic, but managed a win over Allen County to bring the squad's pre-Christmas mark to 3-6.

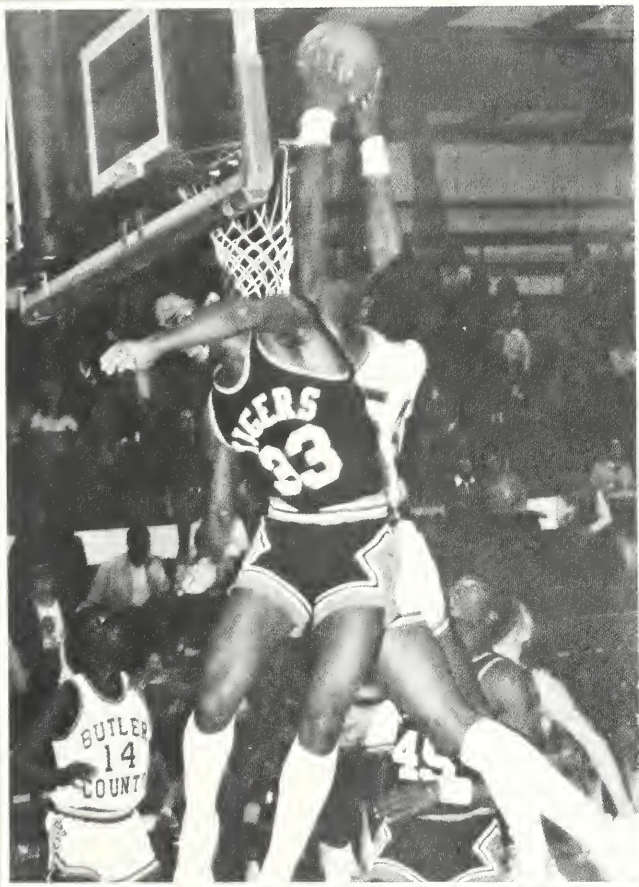

The Grizzlies dropped their first two contests after Christmas break on the road, but in their first home game knocked off Hutchinson 73-68 for the first win over the Dragons in four years. Then they defeated Dodge City on the Butler court on January 23.

After dropping four more contests, the Grizzlies knocked off Hesston in a non-conference contest.

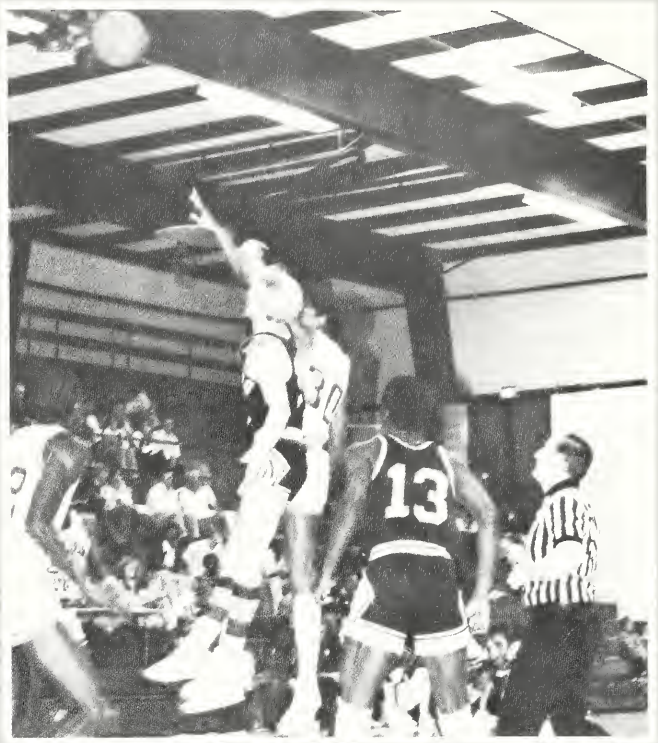

Butler then dropped three more before defeating Dodge City by one point.

New Coach, New Year

BCCC's women basketball team opened its season with a new coach and high hopes on November 19 at Allen County, but as was the rule during the 79-80 season, came away disappointed.

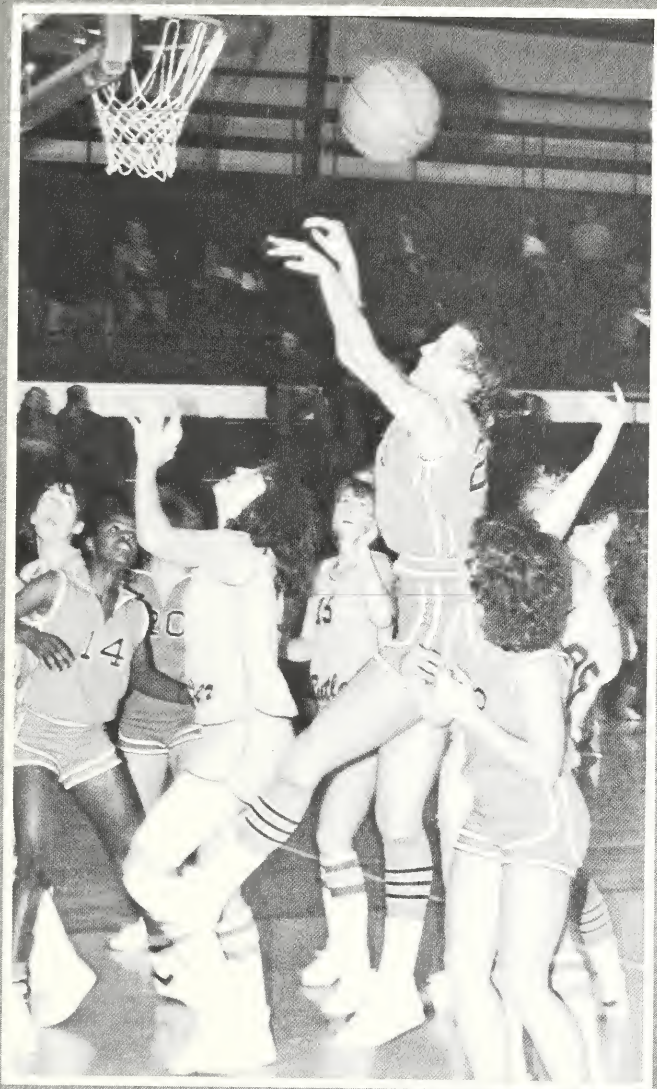

The women were to drop two more before handily defeating Independence to pick up their first win since December, 1979.

The women more than doubled their winning numbers of last year, as first year coach Tonya Kerschner attempted to pick up the pieces and rebuild.

The women defeated Barton County 82-81 for their first conference win.

At press time, Butler was not doing quite as well as in the early part of the season, but were playing more competitively than in 1979-80.

MIKE TRAYLOR runs with the ball as Stewart Seagraves attempts to grab the flag in an intramural game of flag football on the campus in the early fall.

Intramurals Rate High

Intramurals is where the action is. Students, faculty, and staff members made up the intramural teams. Two hundred sixty-three participants were involved in numerous sports first semester. Students made up their own teams with men and women on each team.

Intramurals help freshmen to get to know sophomores and also to forget the classroom and to have a little fun.

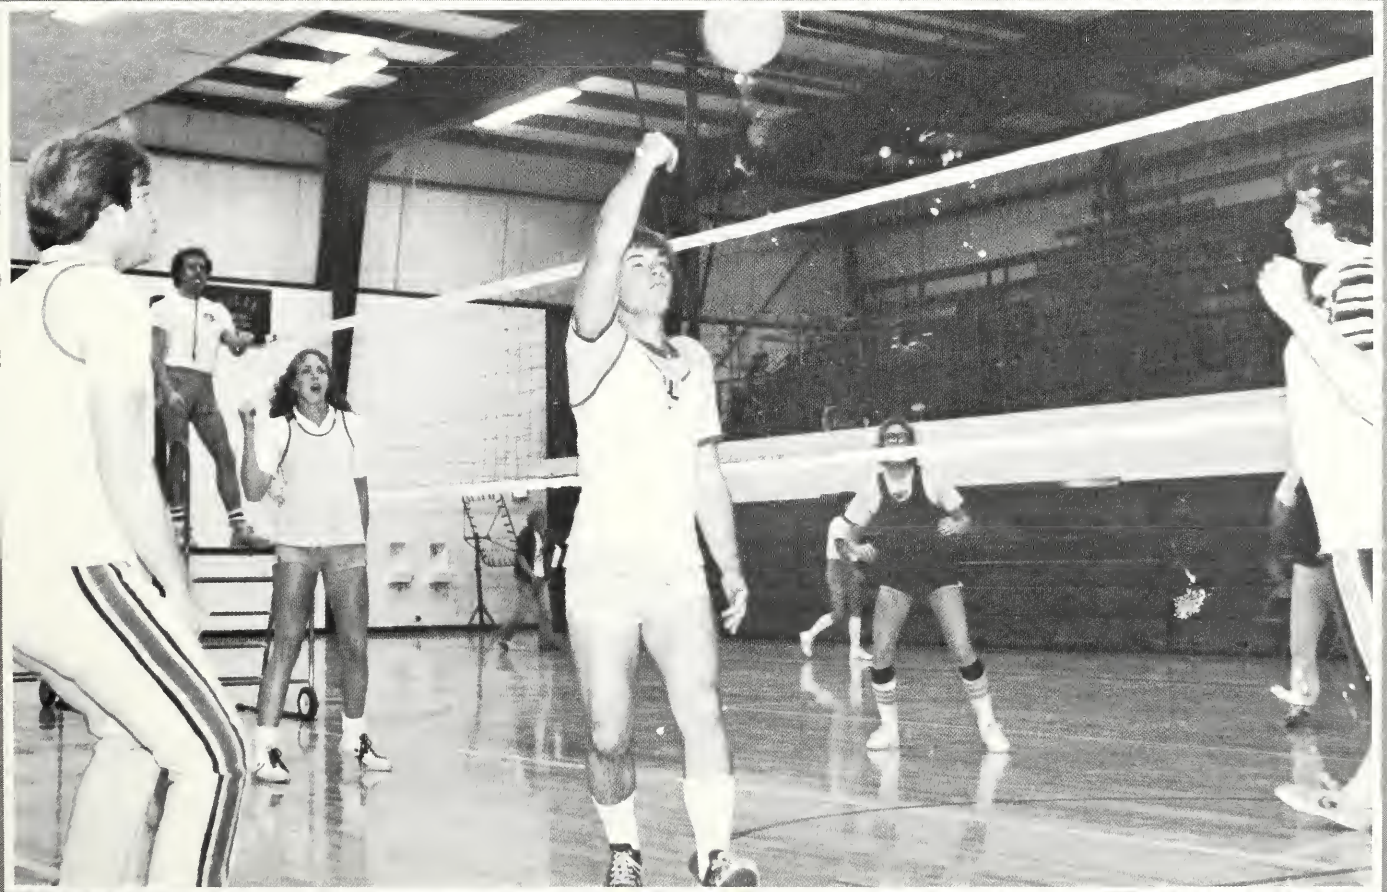

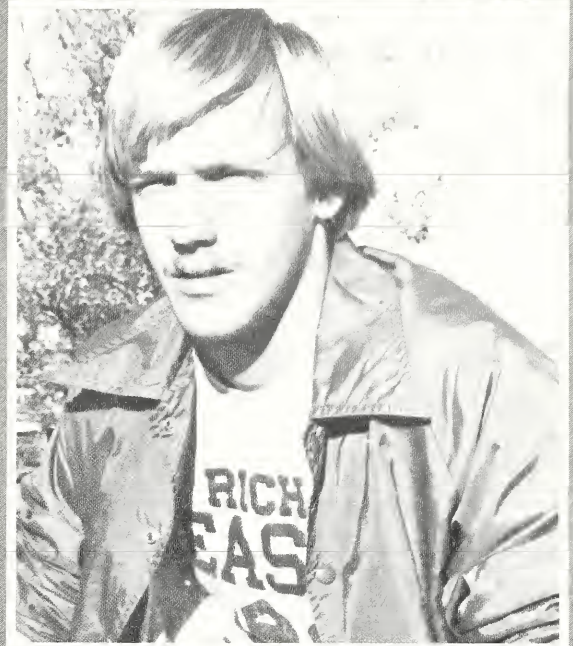

One hundred fifty people were involved in volleyball which had the most participation. Flag football had 57 battling students, mixed bowling had 42, six people pitched horseshoes, and four people each were in tennis singles and racquetball, a new sport this year. Trophies went to the first place finishers in all events.

Jeanette Malone, physical education instructor, directed the always popular intramural program.

Basketball and softball, both of which draw many entries, were scheduled for spring semester. (Coverage of these events will appear in the Spring Supplement.)

Enrollment Sets Record

Enrollment for the fall semester at Butler County Community College broke all previous records with 2,176 students taking credit courses. This year's headcount surpassed the previous record of 1,938 in the fall of 1979 according to Ev Kohls, Registrar. Students were enrolled in 18,240 credit hours compared to 16,528 for the previous fall term.

FRESHMAN

Freshman Enrollment Up

Freshman enrollment is up by 168 students this year over last year's enrollment. This year's enrollment is 1474 students. The gasoline costs did not stop the students from coming to college from all over Kansas and the United States.

Freshmen were required to spend five weeks in Career Planning 007. This included one hour session with a counselor. The students discussed the results of tests taken at the opening session. Freshmen also met in the Center for Independent Study where they discussed various classroom techniques. All students met with their advisers once a week for five weeks.

A party was given at the beginning of the year to introduce the freshmen to the sophomores.

Freshmen quickly found their niches in various school activities. Serving as staff members on *The Lantern* were Tom Harms, sports editor; Dick Osterbuhr, assistant sports editor; Gary Leach, entertainment editor; Laurie Potter, advertising assistant; Chris Scafe, circulation manager; and Sue Smith, news editor.

Freshmen who served on *The Grizzly* were Dave Richard and Tom Lore, associate layout editors; Vanessa Hoskins, copy assistant.

CHRIS SCAPE points in the atlas to one of the many places where he has lived all over the world. He was born in Brazil where his father was in the foreign service. JOURNALISM STUDENTS produced a news program on CATV channel 6, on OZ cable. The program focused mostly on the campus scene and was shown twice a week. The first semester showing was halted due to an apparent "no commentary" rule applying to students. Broadcasting was resumed second semester with a whole new format. Seated is Gary Leach in charge of entertainment and at the camera is Tom Harms assistant director.

SOPHOMORES

Enrollment Up Sophomores

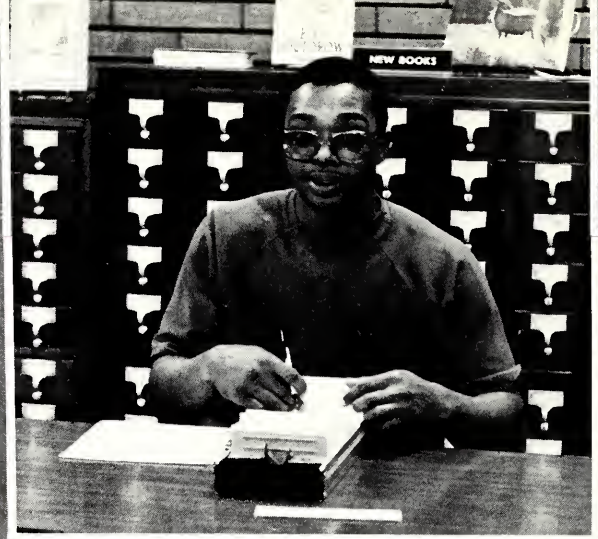

Sophomore enrollment increased by 195 students over last year with 702 sophomores this year.

SAC was headed by three sophomores, Kammy Kennelley, president; Brent Shane, vice-president; and Connie Stotts, secretary-treasurer.

The *Lantern* staff has Bruce Schreiner as editor-in-chief. Other sophomores on the *Lantern* were Cindy Schuler, managing editor; Doug Holladay, photo editor; and Kerri Martin, copy editor.

On the *Grizzly* staff were three sophomores: Carla Williams and Doug Holladay, associate photo editors, and Elizabeth Harvey, copy editor.

Maria Harris is the only returning sophomore on the drill team. Shannon Randol is the returning sophomore on the cheerleading squad.

SPECIALS

Special Students

Special students are non-classified students who are not actively pursuing degrees from Butler County Community College. Some of the students are enrolled as self-improvement projects, some are enrolled to improve their job skills, while others are already holding degrees and are enrolled to continue their education in other fields.

Some of the special students end up becoming degree-seeking students after they have a "taste" of college through some of the outreach courses.

2ND SEMESTER

Freshmen

Enrollment Hits High

Second semester enrollment set another record at Butler County with more than 2100 students enrolled in credit classes. This was the highest enrollment for spring term in the history of the college according to Ev Kohls, director of admissions and records. Credit hours totalled three thousand more than last spring's enrollment, Kohls said.

Butler's headcount is up 19 per

cent over what it was in the spring of 1980, and the credit hours are up 19 percent also. Headcount for all students shows an increase of 349 students.

Students pictured in this section of the book were either not photographed when they enrolled first semester, or they were new students to the campus for the second semester.

ADMINISTRATION • FACULTY • STAFF

**BLACK-GOLD

Administrators Reorganized

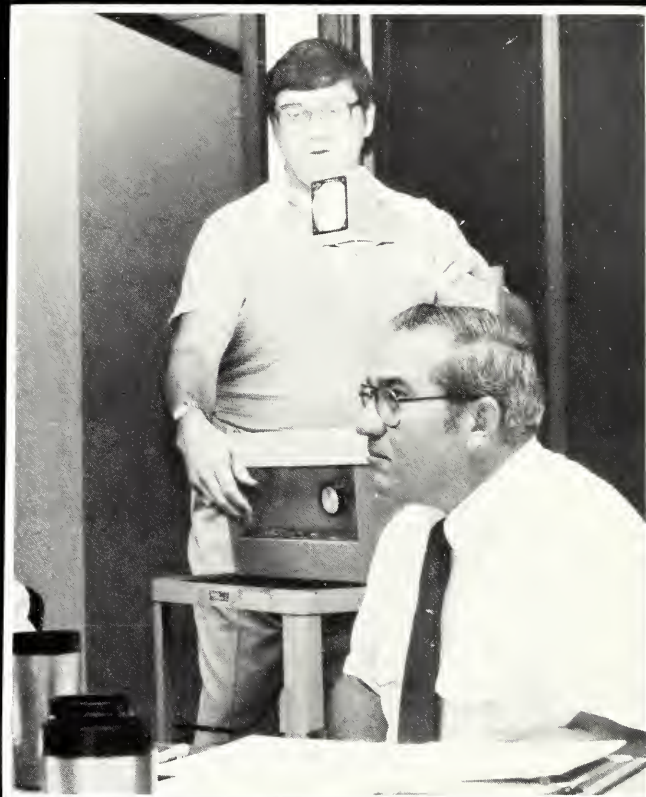

Reorganization of the administrative staff as managed by the Board of Trustees after a year long study took place before school convened in the fall.

The reorganization resulted in Dr. Larry Devane's being hired for the newly created position of Dean of Liberal Arts and Sciences, a position which according to the school's Policies and Procedures Manual puts him second in command to the president, Dr. Carl Heinrich. The Manual states that the Dean of Liberal Arts and Sciences is "to perform such duties normally

assigned to the President as may be necessary in the absence of/or as requested by the President."

The other top administrative post created is held by Ronald Wilson, Dean of Applied Sciences and Technology. Wilson formerly was Dean of Instruction. William Cummins retained his former job of Dean of Instruction.

Several administrative jobs were made staff positions.

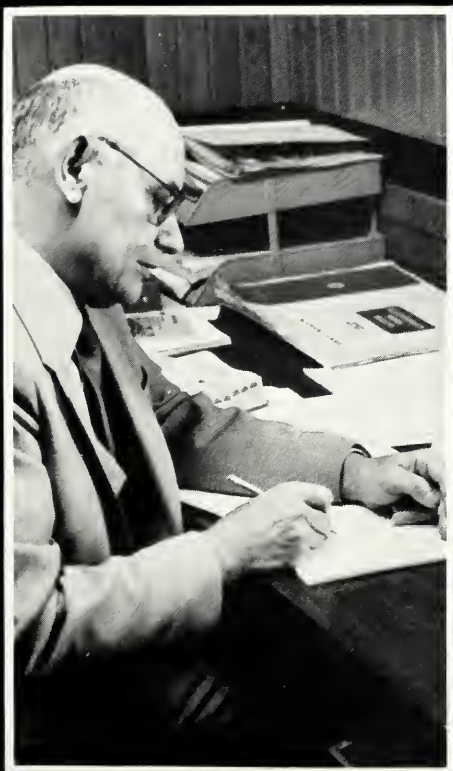

BOARD OF TRUSTEES AND THE PRESIDENT are in conference to decide board policy. They are (from left) Wayne Livingston, Ed Jones, Pat McGee, Sue Unger, Keith Martin, James Hittle, Dr. Carl Heinrich, president. *Upper left*, Dr. Heinrich closes another day in

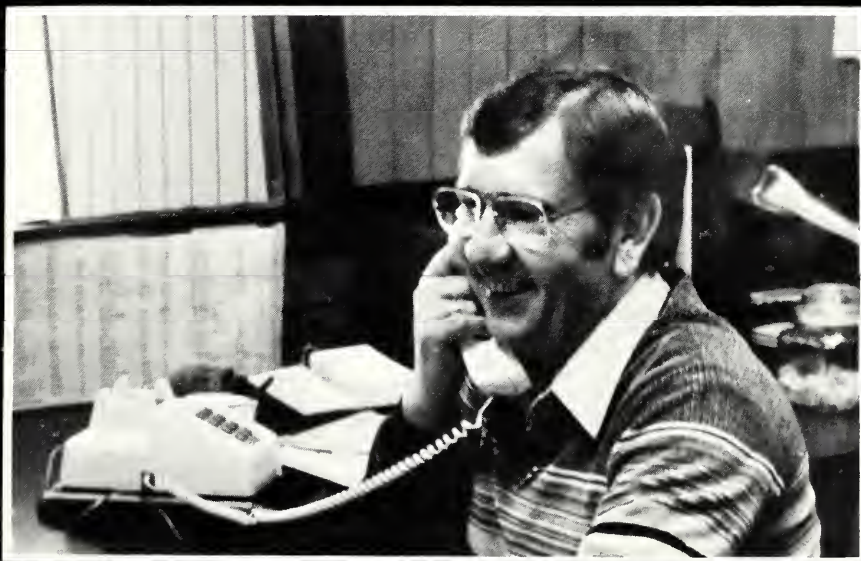

the office. *Upper right*, Dr. Larry Devane presents some projected development figures to the Board, including Martin and Dr. Heinrich.

Faculty And Staff

With the new organizational plan put into action this academic year, the task of figuring out who is faculty, who is administration, and who is staff members became exceedingly difficult. The faculty and staff members of Butler total well over 100 members. Some of the faculty members are also in administrative positions, and some of the staff members are also in administrative positions but are not called administrators.

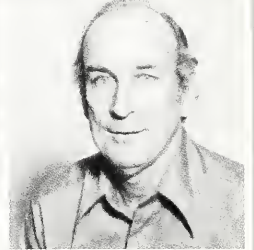

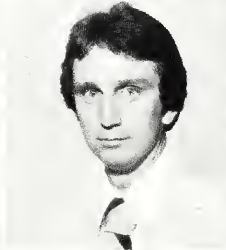

Unlike four year colleges, community colleges do not generally have academic rank; community college faculty are all instructors and never professors. On this campus a number of instructors are half-time or more administrators.

"Staff" is an umbrella ter to cover everyone who works at the college but who is not faculty or administration. The problem in classification is that a number of staff members are also in positions that are actually administrative.
